## **DETAILED ACTION**

### ***Continued Examination Under 37 CFR 1.114***

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on March 27, 2007 has been entered.

### ***Claim Rejections - 35 USC § 112***

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 1, 4-15, 19, and 27-31 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Applicant's independent claims 1, 19, and 27 require:

Claim 1: "a minimum internal diameter of the belljar so as to keep the belljar as far away as possible from the susceptor"

Claim 19, 27: "wherein the internal diameter of the cylindrical zone of the belljar is sized to keep the belljar from the susceptor"

Applicant is urged to contact the primary Examiner *and* the Examiner's supervisor in a teleconference to remedy the pending rejections.

### ***Allowable Subject Matter***

4. Claims 1, 19, and 27 would be allowable if rewritten or amended to overcome the rejection under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Art Unit: 1763

5. Claims 4-15, and 28-31 would be allowable if rewritten to overcome the rejections under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

6. The following is a statement of reasons for the indication of allowable subject matter: The Examiner's initial indication of allowable subject matter in the June 14, 2005 non-final action remains the rationale for the present allowance. At present, Applicant has complied with this indication of allowable subject matter as evidenced from the amendment to independent claim 27.
